REGISTRATION FORM KOI CONTEST 2018

Every year we get as an organization, the question from who are the fish in vat X or Y. The organization will never give the names of participants. Because there are people who don't want tell that koi within a vat are theirs, but though there are also plenty of people who want to make known that the fish in a vat are from them. Therefore, we decided to give everyone the possibility to have the owner name, address and telephone number, shown at the vat. The address, etc. will be placed on the signs as soon as possible after the judging has finished. This gives traders the ability to advertise and hobbyists can come into contact with people who may be interested in a certain fish. Moreover, this possibility is an additional service of the N.V.N. and so completely free of charge. Keep in mind that the koi can only be retrieved from the vat during the de-benching on Sunday.

How does this work?

You enter using the form below that you want to place your data at your vat. On a standard sign we put your name and the information you want (up to 4 lines) and places this after judging on the game board at the photos of your fish.

We want to make clear that only our standard signs are allowed at the vats, homemade signs or stickers will be removed immediately.

Hobbyists, we want to point out that not only your data can be viewed by any interested buyers, but also by thieves. We would expressly point out that the N.V.N. cannot be held liable for damage, theft etc. as a result of your attribution.
